Akash Belokar

Organized and dependable candidate successful at managing multiple priorities with a positive attitude. Willingness to take on added responsibilities to meet team goals.

Professional Qualities

- Learned and adapted quickly to new technology and software applications.
- Gained strong leadership skills by managing projects from start to finish.
- Organized and detail-oriented with a strong work ethic.
- Used strong analytical and problem-solving skills to develop effective solutions for challenging situations.
- Completed paperwork, recognizing discrepancies and promptly addressing for resolution.

Academic Projects

◆ Solar Powered Vaccination Box (06/2022-05/2023):

We built a portable, high efficiency, low cost refrigerator whose temperature can be maintained as desired. The solar powered source allows medical experts to carry and maintain vaccines at remote places for longer period of time.

◆ Low Cost Ambu-Bag Ventilator (01/2022-06/2022):

It is a ventilator that is much affordable and easy to operate for general people. Making it very useful in case of quick emergency treatment.

Projects

◆ Gym Management System :

Developed a comprehensive Gym Management System web application from scratch, designed to streamline and automate gym operations. This project demonstrates my full-stack development skills and ability to deliver practical software solutions.

◆ Dental Clinic Website :

Designed and developed a fully functional website for a dental clinic, providing an online platform for the clinic to showcase its services, enhance patient engagement, and improve accessibility.

Technical Skills:

Programming Languages: Java, JavaScript, Python, SQL
Frameworks: Spring Boot, Hibernate
Web Technologies : HTML, CSS, Bootstrap .
Databases: MySQL
Version Control: Git
API Testing and Development: Postman
Other: Problem-solving, Code debugging, Unit Testing, Integration Testing.

Personal Skills:

- Leadership
- Teamwork
- Quick Learner
- Problem Solving
- Communication

Internship:

Title: Java Developer Intern	
Midbrains Technologies(April 2023-Sept 2023)	
<ul style="list-style-type: none">• Assisted in the design and development of Java-based applications.• Collaborated with senior developers to troubleshoot and debug code.• Participated in code reviews to ensure adherence to coding standards.• Worked closely with the team to meet project deadlines.• Analyzed the program to identify the code changes as per business requirements.• Prepared and maintained entire documents for projects.
